*21st March 1923 at midday, on the spring Equinox, all the planets aligned themselves to give their full support and powers at the time a great spiritual incarnation took her birth for the emancipation of all humanity.*

*'Through the ages great incarnations have taken their birth to guide mankind and to put us back upon the path of our spiritual ascent.*

*Today more than ever the world needs a guiding hand, someone who can counsel us, and give us comfort against the atrocities and injustices of the world.'*

# A NOTICE TO HUMANITY

From time to time great incarnations have taken birth to guide us and put us back on the path of our spiritual ascent, but with their passing religions have sprung up and we have forgotten the essence of their great teachings and the knowledge that they gave us.

All the seers and prophecies have said that now is the time when someone of that magnitude will be sent amongst us to heal and make us whole again. It is the time of Aquarius, the new millennium.

The whole of the universe is feeling the urgency of man's plight, and on 21st March 1923 at midday, on the spring Equinox, all the planets aligned themselves to give their full support and powers at the time a great spiritual incarnation took her birth.

Can we rid ourselves of the darkness within our hearts by lighting lamps outside? Mankind has the capacity to light fires in the heavens, yet to kindle a flame within the heart is a task beyond our means.

## HH Shri Mataji's Gift to Mankind

In the history of spirituality no other divine personality has had such a profound impact upon the world as the Greatest Incarnation, HH Shri Mataji Nirmala Devi.

No divine person before HH Shri Mataji has been able to awaken the final Sahasrara Chakra on a cosmic level so that all human beings can attain their self-realization.

We can see through each incarnation that has taken birth, the establishment and opening of the related chakras and the gradual raising of human awareness to that level.

This can be clearly seen in the life of *Shri Krishna* who established the qualities found in the Vishuddhi Chakra – detachment, diplomacy, witnessing powers, enjoyment of the play – the divine leela.

*Shri Guru Nanak Devji* has made references to Kundalini awakening as mentioned below:

'A pure heart is the golden vessel to fill the Divine Nectar which is to be sucked from the 'Dasham Dwar' through the two channels 'Ida' and 'Pingla', Dasham Dwar means Brahmarandhra (Sahasrara Chakra).

'God has made this human body a house with six Chakras and has established the light of spirit in it. Cross the ocean of Maya and meet the eternal God who does not come, who does not go, who neither takes birth nor dies. When your six chakras meet in line, Surti (Kundalini) takes you beyond distortions.' (Note that the seventh Chakra was not open at this time).

*Lord Christ* raised the human awareness to the level of Agnya Chakra by establishing the qualities of purity of attention, and forgiveness without which the narrow gate of Agnya Chakra could not open to allow the kundalini energy through for the final step.
